PROFESSIONAL EXPERIENCE

- **Mumbai Railway Vikas Corporation Ltd., (A PSU of Govt. of India, Ministry of Railways)** (15,Sept,2020–Present)
 - **Senior Project Engineer** (22,Dec,2022–Present)
 - Execution of Station Improvement Work at Neral Station consisting of Buildings, Overhead Water Tank, Underground Water Tanks, Foot over bridge, Deck, Platform covering etc.,
 - De-launching execution of FOB (N-Type Truss) at Kasara Station.
 - Checking Designs of Station Improvement Work of Mumbai Suburban Railway (MUTP-IIIA) funded by AIIB.
 - **Project Engineer** (15,Sept,2020–21,Dec,2022)
 - Site visits, Planning, Approval of Station Improvement Works of Mumbai Suburban Railway
 - Preparing Quotations and Executing Geotechnical Survey.
 - Involved in evaluation of Detailed Design Consultancy Proposal for Station Improvement Work.
 - Checking Designs of Station Improvement Works of Mumbai Suburban Railway
 - Preparing Quantity Estimation and Bill of Quantities (BOQs) for Station Improvement Work Tender.
 - Involved in preparation of Works Tender Document and Evaluation for Station Improvement Work
 - Execution of Station Improvement work at Neral Station of Central Railway.
- **Indian Institute of Technology, Kanpur** (August,2018–April,2020)
 - **Teaching Assistant**
 - Reinforced Concrete Design (Spring,2019)
 - Structural Dynamics (Autumn,2019)
 - Experimental Methods in Structural Engineering (Spring,2020)
 - Stability of Structures (Spring,2020)

ACADEMIC QUALIFICATIONS

Degree	Institution	Year	CPI/Percentage
M.Tech(Structural Engineering)	IIT Kanpur, Kanpur	2022	9.64/10
B.Tech(Civil Engineering)	Govt. College of Engg., Amravati	2018	7.89/10
XII(MSBHSE)	Shivaji Science College, Nagpur	2014	83.85 %
X(MSBSE)	Somalwar High School, Nagpur	2012	90.73 %

SCHOLASTIC ACHIEVEMENTS

- Secured **99.65 percentile** in GATE 2018 among 1.5 lakh aspirants (**AIR 529**).
- **Academic Excellence Award** at IIT Kanpur (March-2020).

RELEVANT COURSES

- Structural Dynamics | Random Vibrations | Engg. Mechanics | Finite Element Methods |
| Structural Health Monitoring | Earthquake Analysis and Design of Structures | Stability of Structures |
| Strength of Materials | Structural Analysis | Design of Steel & RCC Structures | Geotechnical Engg. |

ACADEMIC PROJECTS

- **On Use of Peak Factors in Response Spectrum Based Modal Combination Rules for Seismic Response.**
(M.Tech Thesis) [Dr.Vinay Kumar Gupta] (Dec,2022)
 - Generating Wavelet based time histories for a desired Target Spectrum.
 - Modelling Non-Stationarity Peak Factor to determine Peak Floor Response of structure during Earthquake.
- **Designing of Lateral Force Resisting System using Steel Special Moment Resisting Frame (SMRF)** (Group Project) (April,2019)
Earthquake Analysis and Design of Structures (CE 629)

- Modeled Five Story Office Building using member available in European and Indian Standard.
- Analyzed structure using SAP 2000, Designed using IS: 800-2007, IS: 1893(Part 1)-2016 and FEMA 350 -2000.
- **Probabilistic Seismic Hazard Analysis (Term Paper)**
Earthquake Analysis and Design of Structures (CE 629A) (April,2019).
- **Natural Excitation Technique-ERA (Term Project)** (April,2019)
Vibration based Structural Health Monitoring for CE Application (CE 725A)
 - Determined first natural frequencies and mode shapes of structure using Output Only Method in both longitudinal and lateral directions.
- **Response spectrum analysis for floor acceleration (Term Paper)**
Random Vibrations (CE 721A) (April,2019)
- **Experimental Study of Reinforced Concrete Beam Model (Team Project)** (April,2019)
Experimental Methods in Structural Engineering (CE 623A)
 - Designed Prototype Beam for a given problem statement & modelled it using Similitude Laws.
 - Tested Model Beam to validate result against Theoretical Ultimate Load.
- **B.Tech Project** (April,2018)
 - Experimental Investigation of Geo-Polymer Concrete Pavement Blocks
 - Studied chemical reaction taking place in Geo-Polymer concrete.
 - Determined proportion of material quantity desired for Pavement Block's target strength and cost of product.

INTERNSHIP EXPERIENCE

- **Balaji Structural Consultancy (Rajapeth, Amravati, Maharashtra)** (25,Nov,2016–25,Jan,2017)
 - Developed reinforced concrete steel design worksheets on Excel.
 - Assisted in analysis and structural designing using STADD Pro. in projects including residential, commercial building.
 - Inspection of construction progress of hotel site as a Site Engineer.

TECHNICAL SKILLS

- **Engineering Software:** MATLAB, AUTOCAD, ETABS, SAP 2000, STAAD PRO, PRIMAVERA.
- **Other Software:** MS-WORD, POWER-POINT, EXCEL, LATEX.
